

# LISA PERSSON BAAGØE

**Freezing a gesture, capturing a state of mind, that is what appeals to me. I aim for a kind of obviousness in my paintings. A calmness in the middle of chaos. Almost everytime there appears a silhouette of a person. Somebody is or has just been there, all alone or with others. I wonder what those people are doing there. Or are they merely memories and thoughts that somehow got stuck on my canvas? That is a lovely ongoing mystery.**

I work as a painter since 2002. My studio lies in an old sugar factory by the docks in Gothenburg, Member of KRO (the Swedish National Artists Organisation). I am represented in Stockholm, Sweden by Galleri Hera.
